To Whom it May Concern,

Re: Shertine Construction Ltd

Shertine Construction Ltd has completed a number of Addition/Renovation projects where BJC architects inc acted as the Architect of Record. In all projects the clients were demanding with high expectations, the work was complicated and the schedule was unrealistic.

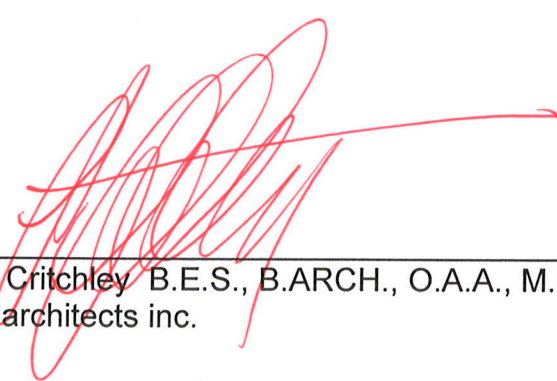

Shertine rose to the challenge dealing with removal of discovered asbestos, revising steel framing "on the fly" and still maintaining the schedule.

Notwithstanding many discovered site conditions, all projects were delivered on schedule with a high degree of quality, to the delight of the Clients and Consultants.

Along with skill and expertise, projects were administered with a cooperative spirit and supportive good natured attitude.

Our firm would gladly have Shertine Construction Ltd as a contractor on any of our future projects.

Yours truly,

---
