Re: Shertine Construction Ltd.

To Whom It May Concern:

Shertine Construction Ltd. has completed three construction projects for us within the last few years. They ranged in construction value from \$330,000 to \$1.6 million. All of them involved fairly difficult renovations to existing buildings which needed to be completed within tight time frames.

We were also involved as an owner's representative on a recent renovation Shertine completed at St. Mary's Church in Barrie.

In each case we were pleased with the work which Shertine did and with the conscientious and professional attitude of their project management team. We enjoyed a good working relationship with them.

As a result of these experiences I would have no hesitation in recommending them as general contractors and project managers.

Sincerely,
